TENURED EMPLOYEE EVALUATION PROCEDURES

ARTICLE 8

8.1 STATEMENT OF PURPOSE

The purpose of evaluation is to make a periodic judgment about each employee's performance leading to a written statement that the employee is "excellent," "proficient," "needs improvement" or "unsatisfactory."

8.2 SCHEDULE OF EVALUATION

- A. Each tenured employee will be evaluated on a two-year schedule. If an administrator finds it necessary to evaluate a tenured employee who received a rating of "satisfactory" (2011-2012 only) or "proficient" or higher in the previous year, the administrator shall notify such tenured employee in writing stating the cause for such additional evaluation. No "proficient" or "excellent" employee will be evaluated more than one time in any one year.

Each non-tenured employee shall be evaluated no more than twice each year until tenured; however, only the final summative evaluation in any given year will be used for the purposes relating to reduction-in-force as described in Section 7.7 of this Agreement. A tenured employee who receives a rating of "unsatisfactory" and successfully completes remediation or a tenured employee who receives a rating of "needs improvement" will be evaluated once in the year following receipt of the rating.

Tenured employees under remediation will be evaluated according to the remediation plan which shall not be limited to the procedures set forth in this Article 8.

Tenured employees most recently evaluated as "proficient" or "excellent" who were not evaluated in the prior school year and who have been informed that they will not be evaluated in the current school year, shall have the right to be evaluated if they so request. Tenured employees who were rated "proficient" or "excellent" in their last evaluation of the prior school year may ask to be evaluated in the current school year, with the evaluation to be conducted at the discretion of the evaluator.

Each building administrator will develop a schedule of evaluations for the employees assigned to his/her building. The administrator may alter the schedule

if, for reasons such as transfers, attrition, retirement and the like, the number of employees to be evaluated over a two-year period would be substantially unequal.

- B. No later than September 15, and before any pre-observation conference or any observation takes place in any school term, the building principal or evaluators shall conduct a meeting(s) to inform the faculty as a whole about the evaluation procedures, standards and instruments to be used. This in-service may be district-wide and/or building meeting(s). Arrangements will be made to in-service any employee absent from the district/building meeting prior to his/her evaluation. The employee, during the first pre-observation conference, shall notify the evaluator if he/she has not received this in-service.

8.3 CERTIFIED EMPLOYEE EVALUATION TIMELINE

No later than September 15	The building principal or evaluator will present evaluation information to all employees through a district-wide or building meeting as provided in 8.2.
Before each formal observation	An appointment shall be made for the pre-observation conference.
Within 15 school days of each classroom observation	A post-observation conference will be held for each formal or informal classroom observation.
No later than May 15	All tenured employee evaluations to be completed including the final evaluation conference and rating.

8.4 LIST OF EVALUATORS

Only administrators who have been qualified in accordance with the Illinois State Board of Education regulations may conduct evaluations of certified employees. By September 15 each year, the administration shall make available to the Association a list of all of the District's qualified evaluators. Any changes in the list will be sent to the Association within fifteen (15) working days.

8.5 OBSERVATIONS

A. Observation and Evaluators

A qualified evaluator will evaluate each employee by formal and informal observations. Formal observations shall take place at times during which the employee is engaged in his or her primary assignment. Teachers shall not be expected to prepare an unreasonable amount of materials as part of their

evaluations. All formal observations shall be no less than forty-five (45) minutes or one class period. The pre-conference will not apply to informal observations. The evaluator shall advise the teacher at the start of an informal observation. The final evaluation will be determined from a minimum of (1) one formal observations and a maximum total of four (4) observations. If the evaluator maintains that special circumstances exist which lead to the need for an increase in the number of observations, the evaluator shall meet with the employee to discuss such circumstances before any additional observations are conducted. The Association shall be notified and shall be allowed to appeal the decision to the Superintendent. The employee may request that the additional observations be conducted by a different evaluator.

B. Other Relevant Information

In addition to formal and informal observations, evaluators may consider information from other sources which are relevant and material to evaluation as long as the evaluator or administrator notifies the teacher within ten (10) days of the occurrence, or the evaluator's knowledge thereof; however, anonymous material shall not be used. This information shall not be used as the sole information to render an employee "unsatisfactory" in the overall rating. The data gathered during the observation of the employee's primary responsibility shall be the principal source of information, and the data described in this paragraph secondary in determining the evaluation rating.

C. Formal Observation Process

The formal observation process will be initiated by the evaluator with the scheduling of a pre-observation conference with the employee to be evaluated. The evaluator will review applicable observation instruments and the evaluator will establish the date and time of the formal observation. The employee will identify the topic of the lesson or activity which is scheduled to occur. The administrator and employee may agree to the employee's demonstration of particular skills to be observed during the formal observation and schedule the observation for a time and date such will occur.

During observations of the employee, the evaluator may use the data-collection method of choice. The evaluator shall endeavor to advise the employee of the data collection method at a pre-observation conference (if one is required). However, the evaluator may alter the data collection method, if in his or her discretion, the same is necessary or convenient for a meaningful observation. The evaluator will review data collected at a formal observation post-observation conference.

Any data gathered during the formal observation shall be shared with the employee and reduced to writing on the observation report form. Data gathering notes shall be destroyed unless attached to the observation report form.

D. Post Observation Conference

Except in case of emergency or absence, such as the illness of the evaluator or employee, within fifteen (15) school days of each formal or informal observation, a post-observation conference will be held. The purpose of the conference will be to discuss the observation and data collected.

E. Final Evaluation Conference

No more than fifteen (15) school days following the final observation, except in case of emergency or absence, such as the illness of the evaluator or employee, and before May 15, the evaluator will complete an evaluation conference with tenured employees. The final evaluation conference with non-tenured employees will take place at least forty-five (45) days before the end of the school term. The evaluator will reduce the evaluation to writing on the evaluation instrument, and give a copy to the employee. The evaluator will discuss the strengths and weaknesses of the employee, the overall rating, and supporting reasons.

F. Employee Right to Respond

The employee shall have the right to respond in writing and to have a meeting with the administrator to discuss the evaluation, if the employee requests, within ten (10) school days of receiving the evaluation. Within twenty (20) calendar days after the final evaluation conference, the employee may make a written response to be attached to the final written evaluation.

8.6 TRAVELING OR UNASSIGNED EMPLOYEES

Traveling employees, or employees not assigned to a single building, will be observed and evaluated by only one evaluator. In most cases, the evaluator will be the employee's primary supervisor. The primary supervisor may solicit input from administrators in other buildings to which the employee is assigned.

8.8 FINAL EVALUATION CALCULATION

The evaluator shall rate the employee's performance on each element contained in the Evaluation Form. Each element shall be rated as one (1) for unsatisfactory, two (2) for needs improvement, three (3) for proficient, and four (4) for excellent.

A score for each domain will be calculated by averaging the element scores for that domain. A summative score will then be calculated by using a weighted average of the four domains. Domain 1 will be weighted as 15%; Domain 2 as 35%; Domain 3 as 40%; and Domain 4 as 10%.

- A summative rating of Excellent shall be given an employee with a weighted average score greater than or equal to 3.4.
- A summative rating of Proficient shall be given an employee with a weighted average score greater than or equal to 2.7 up to 3.3.
- An employee with a weighted average score greater than or equal to 2.0 and up to 2.6 will receive a summative rating of Needs Improvement.
- An employee with a weighted average score below 2.0 will receive a summative rating of Unsatisfactory.

The following calculation is used to find the summative rating:

$$(\text{Average of Domain 1} \times .15) + (\text{Average of Domain 2} \times .35) + (\text{Average of Domain 3} \times .40) + (\text{Average of Domain 4} \times .10) = \text{Summative Rating.}$$

A tool that can be used to calculate the summative rating will be made available on the district web site before summative ratings are provided to employees.

8.9 REMEDIATION

Within thirty (30) school days after completion of a written evaluation which rates a teacher as "unsatisfactory," the evaluating administrator will, with the participation of a consulting teacher and the teacher deemed "unsatisfactory," formulate and commence a remediation plan designed to correct the deficiencies cited.

The remediation plan will include evaluations by a qualified administrator every thirty (30) school days, and a final remediation rating for the ninety (90) school days constituting the remediation period.

The observations for a tenured employee under remediation will conform to the remediation plan. Remediation plans are not incorporated into this Agreement.

8.10 CONSULTING TEACHER

The Employer may use a “consulting teacher” to help formulate a remediation plan and to give advice to the employee under remediation. The Mattoon Education Association may, if it so chooses, supply a roster of qualified employees from whom the consulting teacher is to be selected. The consulting teacher must have at least five (5) years teaching experience, must have a reasonable familiarity with the assignment of the teacher being evaluated, and must have received an “excellent” rating on his most recent evaluation.

The Employer will notify the employee in writing of his selection as consulting teacher. It will state in the notice that acceptance is voluntary. The Employer will not compel any employee, who is otherwise qualified, to participate in a remediation program as a consulting teacher. In the event that no employee is qualified, or no employee volunteers to be a consulting teacher, the Employer will request that the Regional Office of Education supply an individual who meets the criteria, or will choose a qualified employee from another Illinois school district.

A Mattoon Community Unit #2 consulting teacher will assist in his remediation responsibilities during the time when he is not scheduled to teach and will receive compensation at the hourly rate specified in Article 7. The consulting teacher will develop with the remediating teacher a consultation schedule which beyond forty (40) hours must be approved by the Superintendent.

With respect to a teacher that has been rated “unsatisfactory,” the consulting teacher will make no evaluation in any circumstance. No statements by the consulting teacher about any aspect of the remediating teacher, either personal or related to the behavior under remediation, will be used in any evaluation, conversations, hearings, or records. It is the intention of the parties that any statements made by the consulting teacher to or about the remediating teacher are confidential between those two individuals and are not to be used by any other person for any reason.

The Employer shall provide for the consulting teacher the same liability insurance protection as is provided for the school district administrators.

If, after thirty (30) days of working with the consulting teacher, the remediating teacher determines that the consulting teacher is not helping him or her remediate, he or she may request another consulting teacher from the pool of consulting teachers by a written request to the participating principal.

8.11 PROFESSIONAL DEVELOPMENT PLAN (PDP)

Within thirty (30) school days after the completion of an evaluation rating a tenured teacher as “needs improvement,” a district evaluator shall develop, in consultation with

the teacher, and taking into account the teacher's on-going professional responsibilities including his or her regular teaching assignments, a professional development plan directed to the areas that need improvement and indicating any supports that the district will provide to address the areas identified as needing improvement. The plan will be conducted in accordance with the PDP Guidelines attached to this Agreement as Appendix C. Failure to complete the plan will not affect the employee's rating. Completion of the plan shall be taken into consideration when the employee is evaluated in the year following the rating of "needs improvement."

- Domain 3 as 40%; and
- Domain 4 as 10%.
