

Mattoon High School

Homecoming 2019

Past, Present & Future

Improving our Present - Friday, September 20th Green & Gold Service Day

Homecoming will be kicked off this year on Friday, September 20th with our 2nd annual Green & Gold service day. As we serve on this day the activities include our students mentoring our littlest waves in lower grade levels, campus and community beautification projects, spending time with our most senior community members, helping at the animal shelter, supporting Camp New Hope, serving SBLHC, supporting the Mattoon Library, improving the county fairgrounds, beautifying Douglas Hart Nature Center among other locations/organizations.

Exploring the Future - Thursday, September 26th Futures Day

What do you want to be when you grow up? When did you know? How did you figure it out? Student input, along with local businesses and questions like these are what led us to create our Futures day. Last spring we surveyed MHS students to find out the careers, jobs, and professions they are interested in for their future. We have had a successful sign up for Futures day with a total of 84 different presenters from colleges, universities, tech schools, and trades. We also are able to invite you the opportunity to interact so we will be hosting a night session from 5:00pm -7:00pm. This will afford you the opportunity to talk with the presenters and learn about the possibilities that are available for our students.

Celebrating Our Past - Friday, September 27th MHS Alumni Day

MHS Alumni Day is focused around the idea of honoring our past and making connections to our present and future. For the last two years MHS alumni select fellow alumni to enter our MHS Hall of Fame. There is so much to be proud of by being a part of Mattoon, and the reach of our alumni knows no boundaries as they have represented us in the film industry, journalism, politics, medicine, and so much more. So, let's share, celebrate, and inspire our students' future together.

Homecoming Run & Parade - Wednesday, September 25th

Please come and watch what has been called the greatest running spectacle in cross country. The boys' cross country race will begin at 5:45pm, and the girls at 5:50pm. We are also going to have a fun run that will help raise funds for Green and Gold Day service projects, as well as support our health. You can sign up for the Broadway Bolt run and 1 mile walk by using the following link [Broadway Bolt](#). The Broadway community race and walk will begin at 6:15pm. Worried you can't participate in the race and enjoy the parade? You don't have to as the 1 mile walk and run will end at Peterson Park, which the parade route runs past. So please come out and help create an amazing atmosphere for our cross country students. Everyone loves a parade. We are pleased to announce that a community Homecoming parade will take place on the evening of Wednesday, September 25th beginning at 6:30pm. So be sure to come enjoy and celebrate with us along Broadway.

Also, please find included in this email information regarding the race and parade route.
